

Piotr Kalota

JUNIOR JAVA DEVELOPER

Introduction

Hi, I'm Piotrek, first contact with programming I had in high school, but most development in this field I've got on studies. Moreover, during my adventure in Samsung I got familiar with working as a team member. Also I spent a while in Austria taking up a new challenge - an interdisciplinary project. Currently I come true in Java based development.

Programming skills

- Java (Spring)
- Python (Numpy, Keras)
- C/C++
- Javascript/Typescript (Angular, JQuery)

Additional skills

- HTML and CSS
- SQL, Linux and Git
- Microservices
- MVC and RESTful concepts
- Design Thinking patterns
- Advanced English
- Basic Spanish
