

Piotr Kalota

JUNIOR JAVA DEVELOPER

Introduction

Hi, I'm Piotrek, first contact with programming I had in high school, but most development in this field I've got on studies. Moreover, during my adventure in Samsung I got familiar with working as a team member. Also I spent a while in Austria taking up a new challenge - an interdisciplinary project. In September I am starting studies in Copenhagen, meanwhile working as Java Developer.

Programming skills

- Java (Spring Boot, Hiberante)
- Python (Numpy, Keras)
- C/C++
- Javascript/Typescript (Angular)

Additional skills

- Databases (MSSQL)
- Linux and Git
- Microservices
- MVC and RESTful concepts
- Design Thinking patterns
- Advanced English (CAE)
- Native Polish
